Re: Neighborhood Partners management and financials/budgets

I have worked with Sandie for many years while I was on the Board of Heritage Townhomes HOA and The Cove of Nantucket HOA. Her budget and financials are very thorough and helpful. I find them easy to read and they are always current.

Having been on the HOA Boards with no management company and a different management company, I can say that having Sandie manage the HOAs was a very good choice. Let me know if you have any questions.
